

## HYBRID PROGRAMMING SERIES

cool**speak**..  
The Youth Engagement Company

### ERNESTO MEJIA

**Ernesto Mejia**, the proud son of Mexican immigrants, is a true example of the American dream. Diagnosed with the rare disease of Guillain-Barré Syndrome at the age of 16 that left him temporarily paralyzed, he was not supposed to be a successful student, much less a College Dean of Students.

Through his hardships, Ernesto learned to never give up on life, he now speaks to students, parents and teachers about overcoming obstacles and never giving up on the American dream: education.

**“I am my parent’s  
American Dream!”**

## The Parenting Academy

The Parenting Academy will help our parents improve communication with their students, with their student's teachers as well as all of their support staff too. The series is created to help improve relationships, understanding of the education system and our children's needs, as well as how to improve as a parent. The most difficult job in the world that comes with the least amount of training is that of being a parent.

**Sessions can be virtual or face-to-face and customized for students, parents and/or teachers.**

Let's help our parents improve their happiness levels at home and with their children so we can ensure academic success for years to come. We promise to create a safe space that will allow our parents to want to openly share their thoughts and concerns as well as their successes.

### SERIES OBJECTIVES:

- *Parents will be able to begin, maintain, and continue healthy conversations as home and at school*
- *Parents and their students will improve their EQ, patience and understanding of one another*
- *Parents will gain an array of parenting technique to help improve their overall parenting skills*

# SERIES SESSION OUTLINE
